

Announcing the retirement of Heather Sarnecki, Senior Vice President and Chief Administrative Officer

After 41 years of service to the credit union system, Heather Sarnecki will be retiring on March 31, 2022.

“On behalf of myself, the Executive Leadership Team and all of PACE’s employees, I wish Heather a long, happy and healthy retirement,” said CEO David Finnie. “For over 40 years, Heather’s career has been characterized by leadership, service to members and dedication to credit union principles.”

Heather began her credit union career in 1981, eventually serving as CEO of Peoples Credit Union for 12 years prior to its merger with PACE in 2013. At the time of her retirement, Heather was Senior Vice President and Chief Administrative Officer. During her career, Heather’s leadership was felt throughout the credit union system and the community, being recognized by her peers as the Credit Union Manager of the Year (in 2012) and serving five years as the President of the Greater Innisfil Chamber of Commerce.

“In reflecting on my years with Peoples and now PACE,” said Heather, “I’ve learned from and worked with a great group of colleagues, co-workers, and directors. It’s been my distinct pleasure to serve our members, their families, and our communities.”
